	Attack disconnection of the control
Assessment	Attending students: The assessment of the course
	consists of:
	1. class participation (5% in-class oral contributions);
	2. lab project 1 (30% written project report done in
	groups),
	 lab project 2 (10% written project done individually);
	4. individual presentation (10% oral presentation on
	a relevant topic chosen by the student);
	5. reaction paper (20% written report to test
	knowledge application skills);
	6. final exam (25% written exam with review
	questions)
	questions
	Non attending students: The assessment of the course
	consists of:
	7. final exam (100% written exam with review
	questions)
Assessment language	English
Evaluation criteria and	Attending students: Sum of marks from partial
criteria for awarding marks	assessments. Class participation 5%; lab projects (focus
	group; press release) 40%; individual presentation 10%;
	reaction paper 20%; final exam 25%.
	 relevant for assessment 1: ability to orally
	contribute to class discussions;
	 relevant for assessment 2: ability to work in a
	team, listening skills, ability to summarize in own
	words, clear and concise writing skills;
	 relevant for assessment 3: mastery of language,
	clear and concise writing skills;
	 relevant for assessment 4: mastery of language,
	ability to summarize the chosen topic and present
	it in front of the class in a clear and concise
	manner, ability to identify new areas of
	application;
	 relevant for assessment 5: mastery of language,
	critical thinking skills, ability to summarize in own
	words;
	 relevant for assessment 6: mastery of language,
	ability to summarize in own words.
	ability to sufficiently in own words.

Non attending students: Final exam (100% written exam)
