</table>
| **SPECIFIC EDUCATIONAL OBJECTIVES** | Type of course: “caratterizzanti” for L-31  
Scientific area: “Discipline informatiche” for L-31  
The course is designed to give specific professional skills. It will provide students with advanced techniques in Java. In particular, students will acquire knowledge in the overall architecture and components of Java SDK and JRE, use of advanced programming techniques (e.g. multi-threads, reading/writing streams, generics, regular expressions, exception handling and testing) and code documentation (e.g. generate API documentation) of the software developed. |
| **LECTURER** | TBA                   |
| **SCIENTIFIC SECTOR OF THE LECTURER** | INF/01               |
| **TEACHING LANGUAGE** | English              |
| **OFFICE HOURS** | TBA                  |
**TEACHING ASSISTANT** | TBA  
---|---  
**OFFICE HOURS** | TBA  
**LIST OF TOPICS COVERED**  
- Memory models in Java  
- Virtual functions, late binding, overriding, and overloading  
- Exception handling  
- Reflection and runtime type identification  
- Generics and collections  
- I/O, serialization and XML/JSON processing  
- Designing large applications: design patterns  
- Multithreading  
- Code optimization  
**TEACHING FORMAT**  
- Frontal lectures  
- Lab exercises  
- Individual projects  
**LEARNING OUTCOMES**  
**Knowledge and understanding**  
- Know basic and advanced programming techniques  
- Have a basic knowledge of the most important data structures and their use in programming languages  
**Applying knowledge and understanding**  
- Be able to develop small and medium size programs using Java  
- Be able to solve problems through the application of programming methods  
**Making judgments**  
- Be able to work autonomously according to the own level of knowledge and understanding  
**Communication skills**  
- Be able to structure and write scientific documentation  
**Learning skills**  
- Have acquired learning capabilities to pursue further studies with a high degree of autonomy  
**ASSESSMENT LANGUAGE**  
- English  
**EVALUATION CRITERIA AND CRITERIA FOR AWARDING MARKS**  
**REQUIRED READINGS**  
**SUPPLEMENTARY READINGS**
