**Specific educational objectives**

The course refers to the typical educational activities and belongs to the scientific area of Business Administration.

The main objective of the course is to provide a general overview of scientific content in the area of general management. It focuses on the scientific notions related with general management covering the main functions of management such as planning, organizing and controlling, and specific topics like managerial decision-making and quality management.

In the end of the course students should be able to understand different approaches to management and reflect on their own management style.
