

COURSE DESCRIPTION – ACADEMIC YEAR 2021/2022

Course title	Advanced Economics for Digital Business Specialization: Digital Marketing / Digital Finance
Course code	76422
Scientific sector	SECS-P/02
Degree	Bachelor in Informatics and Management of Digital Business (L-31)
Semester	1
Year	3
Credits	6
Modular	No
Total lecturing hours	30
Total lab hours	12
Attendance	Highly Recommended, but not required
Prerequisites	Economics of Digital Markets
Course page	https://ole.unibz.it/
Specific educational objectives	<p>The course belongs to the type "attività formativa affine o integrativa".</p> <p>This course has two objective. The first is to give the students a broad background on how the macro-economy operates and the policies the government uses to encourage growth and manage business cycles. The second goal is to give the students practical skills in analyzing data to answer questions about the causal impact of different decisions or policies on outcomes for individuals and firms.</p>
