Description of the Module

Title of the module:	English 1 - Basics of Didactics
Number of the module within the study plan:	24
Responsible professor:	Prof. Maria Cristina Gatti
Study course:	5 year master degree in Primary Education (BiWi5) - German section
Study year:	4
Semester:	2
Exam code:	12448
Scientific sector:	L-LIN/12
Prerequisites:	/
Total hours of lectures:	30
Total hours of laboratories:	20
Consultation hours:	15
Credit points:	5
Educational objectives of the course:	<p>The course aims to provide participants with knowledge, competences, and professional skills regarding the phonetic, lexical, grammatical, and syntactic aspects of the English language within the context of primary and pre-primary education and pedagogy. It seeks to expand participants' knowledge of the language system for the teaching of English as an international language (EIL) to young learners (YLS) and very young learners (VYLS).</p> <p>The course addresses various features of English phonetics and prosody, morphology and syntax, and their role in promoting effective language acquisition processes with preschool and primary school learners. Participants will practice analysing features of the language system and modelling their use for effective English language teaching (ELT) with YLS and VYLS.</p> <p>Overall, the course seeks to expand and deepen the participants' knowledge, awareness and competences of the English language in relation to receptive and productive communication skills practised by YLS and VYLS (listening, speaking, reading and writing), with specific regard to listening and speaking communication skills.</p>
