Learning outcomes	<ul style="list-style-type: none"> - Working knowledge of the main theoretical concepts of the sociology of deviance, knowledge of the main professional practices and policies model; - Capability to consider the application of the different theoretical frameworks in concrete settings; abilities to indicate their professional approach to their work or vocation and to express competences demonstrating through devising and sustaining arguments and solving problems within
--------------------------	--

	<p>the fields of deviance.</p> <ul style="list-style-type: none"> - Assessment skills: Ability to gather and interpret relevant data to inform judgements that include reflection on relevant social, scientific or ethical issues concerning deviance; - Communicative skills: Ability to communicate information, ideas, and suggest strategies in oral and written messages; - Learning skills: Learning skills will focus on the ability to analyze concrete problems and to process information in interdisciplinary terms and to continue to undertake further study with a high degree of autonomy in the consideration of case studies and interventions.
<p>Assessment</p>	<p>Sociology of communicative and cultural processes</p> <p>Presentation of projects that will be elaborated during the course and in group work written exam and oral exam</p> <p>Sociology of deviance:</p> <p>The assessment of specific skills and knowledge will be based on an oral examination. It will focus on the texts included in the list below as well as other short classical texts that the instructor will provide in due course. Grades will take into account the serious study of one of the proposed textbooks, the ability to enrich the discussion with personal exploration of other sources, the level of familiarity with the specialized language and the ability to apply the concepts discussed to specific cases.</p> <p>Students may ask the instructor for an individual project work related to the texts. The evaluation of the individual project work will be added to the marks received in the oral examination (provided the examination has been graded at least sufficient).</p>
<p>Assessment language</p>	<p>English</p>
<p>Evaluation criteria and criteria for awarding marks</p>	<p>The evaluation criteria will follow the grid below:</p> <ul style="list-style-type: none"> - Excellent (30 - 30 cum laude): great knowledge of the topics, excellent language skills, excellent capacity of analysis; the student is able to brilliantly apply theoretical knowledge to real cases. He/she is also able to properly argue possible solution, including multiple alternatives. - Very good (27-29): good knowledge of the topics, very good language skills, good capacity of analysis; the student is able to properly apply theoretical knowledge to real cases. - Good (24-26): good knowledge of the main topics, good language skills, the student shows adequate ability to apply theoretical knowledge to real cases. - Satisfactory (21-23): the student does not show a complete command of the main topics, although showing the knowledge of the basic ones; he/she shows satisfactory language skills and a quite satisfactory ability to apply theoretical knowledge to real cases. - Sufficient (18-20): minimal knowledge of the main teaching

	<p>and technical language issues, limited capacity to adequately apply theoretical knowledge to real cases.</p> <p>- Insufficient outcome: the student does not have an acceptable knowledge of the contents of the various topics on the syllabus</p>
<p>Required readings</p>	<p>Sociology of communicative and cultural processes</p> <p>Burawoy, Michael (2005): »For Public Sociology. 2004 Presidential Adress«. In: American Sociological Review, 70, S. 4-28.</p> <p>Latour, Bruno (2005): »From Realpolitik to Dingpolitik or How to Make Things Public«. In: Making things public: atmospheres of democracy. Hg. v. Bruno Latour/Peter Weibel, Cambridge, Mass.: MIT Press, S. 14-41.</p> <p>Mills, C. Wright (1959): The Sociological Imagination. Oxford: Oxford University Press (Capter 1: The Promise).</p> <p>Nowotny, Helga/Scott, Peter/Gibbons, Michael (2003): »Mode 2' Revisited. The new production of knowledge«. In: Minerva, 41(3), S. 179-194.</p> <p>Sociology of deviance</p> <p>Students may choose among one of the following textbooks:</p> <ul style="list-style-type: none"> - Anderson, Tammy L. <i>Understanding deviance: Connecting classical and contemporary perspectives</i>. Routledge, 2014. - Downes, David, Paul Elliott Rock, and Eugene McLaughlin. <i>Understanding deviance: a guide to the sociology of crime and rule-breaking</i>. Oxford University Press, 2016. - Franzese, R. J. <i>The sociology of deviance: differences, tradition, and stigma</i>. Springfield, Illinois, Charles C. Thomas 2015. - Goode, Erich. <i>Deviant behavior</i>. Routledge, 2019, 12th edition. <p>For each of them, the instructor will provide a list of the chapters that are required reading (most of them) and those which are only recommended (few of them).</p> <p>Among them, the book by Downes, Rock and McLaughin is, however, recommended.</p> <p>Additional articles will be posted on the course website and the instructor reserve himself the right to modify the course schedule or content, as deemed necessary and appropriate to meet course goals</p>
<p>Supplementary readings</p>	<p>Sociology of communicative and cultural processes</p> <p>Dewey, John (1954): The Public and Its Problems. Athens (Ohio): Swallow Press.</p> <p>Best, Joel (2012): Social Problems. Second Edition. Auflage, New York: W. W. Norton & Company.</p> <p>Brown, Harvey Richard/Goodman, Douglas (2003): »Jürgen Habermas' Theory of Communicative Action - an uncomplete project.«. In: Handbook of Social Problems: A Comparative International Perspective. Hg. v. George Ritzer, London: SAGE, S. 201-216.</p>
