**Specific educational objectives**

For the Master in Tourism Management the course refers to the typical educational activities and belongs to the scientific area of Business Administration.

The course will cover current developments in experiential tourism marketing theory and practice. The course is intended to develop skills, competences and knowledge about experiential tourism marketing processes by stimulating specific competences in designing, managing and assessing experiential tourism marketing ideas leading to tourism companies and destination success in the marketplace.

After having successfully completed the course, students will be able to master the following competences and skills: apply the concepts and theories of tourist experience in different marketplace contexts and provide insights into the role of experiential tourism marketing; apply experiential tourism marketing concepts and methods to different types of tourism players; assist tourism destinations, attractions and companies to design, deliver and market excellent tourism experiences; understand tourists’ behavior and e-behavior to foster co-creation, personalization and empowerment in experiential tourism marketing; evaluate experiential tourism marketing ability to drive and support sustainable tourism growth; understand and apply concepts of experiential tourism marketing;
implemented through technologies, social media, virtual realities, and AI as to interpret their value and assist in decisions making for tourism organizations.

**Lecturer**
Serena Volo, **Serena.Volo@unibz.it**, Campus Bruneck-Brunico, 1st floor, Office 1.10

**Scientific sector of the lecturer**
SECS-P/08

**Teaching language**
English

**Office hours**
[https://www.unibz.it/en/timetable/?department=26&degree=13009%2C13134](https://www.unibz.it/en/timetable/?department=26&degree=13009%2C13134)

**List of topics covered**
- Tourist experience and experiential tourism marketing
- Experiential marketing for tourism destinations
- Designing and marketing experiential tourism attractions
- Co-creation, personalization and empowerment in experiential tourism marketing
- Experiential marketing as driver of sustainable tourism growth
- Experiential tourism marketing through technologies, virtual realities, AI and social media

**Teaching format**
This course will be taught through lectures, group activities, online research, experiential exercises, flipped classroom and class-discussions:
- The theoretical background will be presented in lectures.
- The practical application of this theoretical background will then be explored through group activities, experiential exercises, online research, flipped classroom activities and class discussions, which will be conducted within the framework of short research activities, readings and case studies.
Professional behaviour is expected during class time.
Proper ethical conduct and academic honesty is expected at all times.

**Learning outcomes**

1) **Knowledge and understanding** of:
- models and applications of experiential tourism marketing,
- information, tools, and data that can support the design, creation, management, and marketing of experiential tourism for destinations, attractions and tourism businesses, and
- approaches of experiential tourism marketing that can foster competitiveness while supporting and enhancing sustainability.

2) **Apply knowledge and understanding**:
- of experiential tourism marketing frameworks, concepts, and methods to different types of tourism organizations,
- to assist tourism organizations to deliver excellent tourism experiences and evaluate tourists’ perceived value and,
- to frame experiential tourism for strategic marketing decisions in a variety of tourism businesses and organizations.

3) **Making judgments** on the appropriate theories, models, information and tools to allow a company to thrive using experiential tourism marketing.

4) **Communication skills**: learning how properly communicate experiential tourism marketing and tools both verbally and in written format using textual and visual tools.

5) **Learning skills**: learning how to identify a variety of useful models, sources and tools of experiential tourism marketing and be able to systematize them, to use them for analytical purposes, to apply them in different contexts and eventually to create new models of experiential tourism.

---

### Assessment

**For Attending Students**

(regular attendance will be recorded by the lecturer, at least 50% of attendance is required to qualify as attending student)

The knowledge and the skills learned throughout the course will be assessed with: a written exam and two project works.

- **Two project works (20+20%) in groups** will take place during the course and the date will be communicated the first lecture (the date will also be available in the course material). The project works will consist of applied projects on experiential tourism marketing to be prepared in class and presented in groups with the objective of assessing the students’ ability: a) to evaluate real life data, take decisions, apply experiential tourism marketing knowledge and b) to successfully communicate to a qualified audience.

- **The final written exam (60%)** will consist of four essay and/or open-ended questions aimed at testing the knowledge of experiential tourism marketing concepts, models, techniques, and tools acquired and the students’ ability to apply them to a variety of settings. The exam will last up to 70 minutes.

- Any student discovered plagiarizing, engaging in academic dishonesty, or in any other dishonest conduct will fail the course and the regulations of the Faculty on academic misconduct will apply.

Results of the project works are valid only for the academic year in which these activities have taken place, and results of these activities cannot be carried over beyond that time frame.

**For NON-Attending Students**
(Students who will not attend at least 50% of classes or will be unable to complete the project work)

The knowledge and the skills learned throughout the course will be assessed with: a written exam (100%).

The final exam will cover all topics, will include a short case study and up to nine essays and/or open-ended questions at testing the knowledge of experiential tourism marketing concepts, models, techniques, and tools acquired and the students’ ability to apply them to a variety of settings.

The final exam will last up to 120 minutes.

Any student discovered plagiarizing, engaging in academic dishonesty, or in any other dishonest conduct will fail the course and the regulations of the Faculty on academic misconduct will apply.

The final exam is aimed at assessing skill 1 (Knowledge and understanding). The project assignment verifies skills 2, 3 and 4 (Applying knowledge and understanding, Making judgements, Communication skills). The skill concerned with autonomous study (5, Learning skills) is indirectly verified through the flipped classroom activities and other activities leading to the final exam.
