

Syllabus Course description

Course title	Macroeconomics
Course code	27268
Scientific sector	ECON-01/A (ex SECS-P/01)
Degree	Bachelor in Economics, Politics and Ethics
Semester and academic year	1st semester, a.y. 2025/2026
Year	1
Credits	8
Modular	No

Total lecturing hours	48
Total lab hours	-
Total exercise hours	24
Attendance	suggested, but not required
Prerequisites	not foreseen
Course page	https://www.unibz.it/it/faculties/economics-management/bachelor- economics-politics-ethics

Specific educational	The course refers to the basic educational activities and belongs to the scientific area of Economics.
objectives	It is an introductory economics course that presents the principles of macroeconomics. It gives a general overview over economic key concepts on a scientific basis. The course provides a general overview of the main concepts in intermediate macroeconomics. It aims at enabling students to understand the macroeconomy in in the short, medium and long-run, and how it is affected by policy and shocks. We shall examine the causes and consequences of widely cited economic key variables, such as gross domestic/national product, growth rates, inflation, and so on. In particular, we will analyze the determinants of economic growth and why some nations are so rich whereas others are so poor. Moreover, we will discuss the short-run and long-run effects of different types of economic shocks and policies.
	The main educational objective is to provide the students with the analytical tools required to analyze current economic problems and policies

Lecturer	Prof. Dr. Stefan Franz Schubert,
	Mail: StefanFranz.Schubert@unibz.it
	Office: E 3.07
	Tel.: 0471 013495
