Education

- 2000-2002 Post-Doc fellowship at the Department of Computer and Management Science, University of Trento.
- 1997-2000 Ph.D. in Organization and Management, University of Udine.
- 1990-1995 Bachelor in Economia Aziendale, Ca' Foscari University of Venezia.

Present Position

- From 2002 Assistant Professor in Management (Economia e Gestione delle Imprese, SECS/P-08) at the University of Trento, with joint appointment with the Faculties of Economics and Engineering. Tenured since 2005.

Organization of Conferences and Workshops (selection)

Organizer of the "Free/Libre Open Source, Open Innovation and the Emergence of Open Business Models" International Workshop (3rd FLOSS International Workshop on Free/Libre Open Source Software), University of Padova (July 2009).

Co-chairman for the track "Open models in knowledge intensive sectors: Free/Open Source Software and beyond" at the 9th European Academy of Management International Conference (Liverpool, May 2009).

Co-chairman for the track "Modularity and innovative labour: design, organisation and cost analysis" held at the First European Academy of Management Int. Conference (Stockholm, May 2002).

Activities in Scientific Committees (selection)

Member of the Program Committee for Wikisym (The International Symposium on Wikis and Open Collaboration), years 2010-2012.

Member of the Scientific Committee for the Track "Creating value through digital commons. How collective management of IPRs, open innovation models, and digital communities shape the industrial dynamics in the XXI century" Ljubljana/Bled (within the EURAM 2008 International Conference).

Member of the Reviewing Committee of ECMS2008 (22-th European Conference on Modelling and Simulation), Agent-based Simulation Track; Cyprus, June 2008.

Member of the Scientific Committee for the OSSEMP2007 Workshop "Toward a New Industrial Organization? OSS in economic and managerial perspective", Limerick, Ireland (within the OSS2007 International Conference, June 14th 2007).

Member of the Scientific Committee for the Track "Managing Open Innovation through Online Communities" Paris, France (within the EURAM 2007 International Conference, May, 16-19th 2007).

Member of the Program Committee of the 16^o International Conference IRMA2005 (Information Resources Management Association); San Diego, California, 15-18th May, 2005.

Referee activity in scientific journals

Journal of Management and Governance, Industrial & Corporate Change, *Economia e Management*, Information Economics & Policy, *Economia e Politica Industriale*, Journal of the Association for Information Systems, International Journal of Information Technology and Management.

Direction of scientific projects

Grant under the Programma Giovani Ricercatori 2001 (MURST), under the project "Experimental investigation of bargaining and auction settings".

Participations to scientific projects

Participant in Communia, the European Thematic Network on the Digital Public Domain, funded by the European Commission within the eContentplus framework, principal investigator Prof. Juan Carlos De Martin.

Participant in the STREP(FP7) European project (May 2008-May 2011) "LiquidPublication: Innovating the Scientific Knowledge Object Lifecycle", principal investigator Prof. Fabio Casati.

Participant in the MIUR-PRIN05 project "Designing, Producing and Using Complex Artefacts for Managing and Organizing Firm Knowledge", principal investigator Prof. Marco Zamarian.

Participant in the MIUR-FIRB03 project "Representing Organizational Knowledge: Models And Digital Applications For Distributed Systems Of Firms", principal investigator Prof. Massimo Warglien.

Participant in the MIUR-COFIN-PRIN02 project "Rationality and Language in Management", principal investigator Prof. Enrico Zaninotto.

Participant in the COFIN-PRIN99 project "Modularità delle innovazioni, divisione del lavoro innovativo e standard di compatibilità: modelli di organizzazione e dinamiche industriali", principal investigator Prof. Enrico Zaninotto.
