Project Manager - Research Grants and Projects

Since 1998	Project Manager of the Software Development team - Project "Comunità Online", first e-learning systems of the University of Trento
Since Feb 2015	Project Manager for Okkam srl of the European Project "RAGE - Realising an Applied Gaming Eco-system", a H2020 EU project funded with 9.000.000€ for the consortium (20 partners)
Since Sep 2018	Project Manager for Okkam srl of the European Project "Life Well, Work Well – L3W", a H2020- EIT EU project funded with 600.000€ for the consortium (3 partners)
Jul. 2015 – dec.2017	Coordinator of the project for the creation of four MOOCs (Massive Open Online Courses) related with the "Smart Cities Initiative", financed by IEEE Inc., NJ, USA
Jun 2014 – Dec 2016	Project Manager on behalf of the Department of Industrial Engineering of the University of Trento on the project "ADEVICO – Advanced Learning Environments for Virtual Communities", budget 1.000.000€
2014 - 2016	Coordinator of the working group about Big / Open data operating by Trento's municipality (Italy) related with the "Smart Cities Initiative", financed by IEEE Inc., NJ, USA
2010-2015	Project Manager on behalf of the Department of Computer and Management Science of the University of Trento on the project with the Chamber of Commerce of Trento on digitalization of italian public administration ("Codice dell'Amministrazione Digitale"), budget 250.000€

- 2013-2015 Project Manager for Okkam srl of the project "SICRAS", a project for the use of semantic technologies in tax evasion detection, budget 5.400.000€ (3 partners)
- 2013-2014 Project Manager on behalf of the Department of Industrial Engineering of the University of Trento on the project "Enterprise 2.0", together with Trentino Sviluppo (the Trentino Development Agency), aimed at creating a software platform to promote and support enterprise 2.0 tasks inside SMEs (budget 130.000€)
- 2011-2014 Project Manager for the Department of Computer and Management Science of the University of Trento on the project eBEREA (The eBusiness Education and Research Network for Euro-Asian Collaboration)
- 2011-2013 Project Manager for Okkam srl of the European Project "FitCity", a FESR project funded with 500.000 for the consortium (2 partners)
- Since 2010 Project Manager on behalf of the Department of Computer and Management Science of the University of Trento on the project with the Chamber of Commerce of Trento on digitalization of Italian public administration ("Codice dell'Amministrazione Digitale"), budget 250.000€
- 2007- 2013 Project Manager of "L3 – Life long learning" project, an initiative of the Autonomous Province of Trento which aims to develop the collaboration platform for its employees (12.000 people), oriented to e-learning and collaboration activities. budget 2.500.000€
- 2011-2012 Senior Consultant for the European Project "DIGOIDUNA- Digital Object Identifiers and Unique Authors Identifiers to enable services for data quality assessment, provenance and access", which objective is to support policy makers at European, Member State and research institution levels in assessing impacts and understanding the opportunities and challenges connected to managing digital identifiers within the context of scientific data e-infrastructures
- 2009-2011 Project Manager on behalf of the Department of Computer and management sciences of the University of Trento on the project "TM-SEPROB - Tecnologie e Metodi per la gestione SEMantica dei PROCessi di Business", budget 1.000.000€
- 2008-2010 Business Development Consultant in semantic technologies for the European Project OKKAM– Enabling the Web of Entities (budget: 5.200.000€), an FP7 Large-scale Integrating Project
- 2007-2009 Project Manager on behalf of the Autonomous Province of Trento of the project "ESPERTO", – E-learning for e-procurement" project, an initiative of Italian Ministry of Innovation and Technology, which aims to create an e-learning program for instructing public administration users about e-procurement practises and techniques. Grant: Italian Ministry of Innovation and Technology – Budget: about 900.000 Euros
- 2003 – 2006 Senior consultant for topics related to 'E-learning and re-design of training catalogue of ICT courses of the employees of the Autonomous Province of Trento (approx. 5.000 employees involved)
- 2003 - 2006 Senior consultant for the Department of Computer and Management Sciences of the University of Trento for the Autonomous Province of Trento on ICT tools for management control in public administrations
- 2003 - 2005 Responsible for the analysis and design in the project REPO - Research Portal – Information System for research activities management – Department of Computer and Management Sciences – University of Trento
- 2003- 2004 Responsible for the design of ICT-related and e-learning activities in the project SAVE on behalf of the Academy of Trade and Tourism– Trento (Italy)
- 2003-2004 Project Manager in the development of a new system for mobile learning integrated in the portal for distance learning of the University of Trento
- 2003 –2004 Project Manager – project for the adoption of e-learning and new ICT technologies in HealthCare Residences, Department of Computer and Management Sciences – University of Trento, on behalf of the Regional Union of Healthcare residences – Trento (Italy)
- 2002 – 2003 Senior Consultant – INNOVANET EU Project - Roadmap for implementing ICT innovation
- 2001- 2004 Consultant for the Department of Computer and Management Sciences – University of Trento for the European Project EUNITE, European Network on Intelligent Technologies for Smart Adaptive Systems
- 2002-2003 Project Manager in the development of a new system for mobile learning integrated in the portal for distance learning of the University of Trento
- 2000-2003 ICT Project Manager – Project IPSSSED (Internationalisation Project for Small Size Enterprise Development), an Adapt initiative that involves five partners (UK – East of England, Germany – Berlin, France – Rouenne, Italy – Friuli Venezia Giulia, Italy – Campania)
Grant: EU – Budget: about 1 Million Euros
- 2000-2001 ICT Project Manager - EURORECRUIT Project (Virtual Europe-wide Recruitment System): the objective is to develop and test a Europe-wide "virtual" recruitment company, by connecting various small and medium-sized recruitment companies from different EU countries in a network through the use of modern IT technologies. The project involved eight European and non-European partners: Portugal – Inegi, Italy – Studio Marchi, Italy – Eife, Italy – University of Trento, Belgium – Kerylos, France – Phuso, Ireland – Newry&Mourne, Poland – FPL
Grant: EU – Budget: about 60.000 Euros. The re-financing of the project is under evaluation by the EC, budget 1,2 Million Euros.
- 1998-2000 ICT Project Manager - DIOGENES project (International telematics network for the dissemination of information, promotion of mobility and assessment of university students), a LEONARDO initiative the involved four different

- European regions and five partners (Spain – University Of Madrid and Fundación Universidad-Empresa, Portugal- University of Guimares, Greece – University of Thessaloniky, Italy – University of Trento).
Grant: EU – Budget: about 450.000 Euros
- 1997-1999 ICT Project Manager - S.E.N.S.E. project (Supporting Entrepreneurs for a New Strategic Environment, ADAPT IC/0428/A), an ADAPT initiative that involved four different European regions (Germany -Berlin, Scotland –Lanarkshire, France- Essone, Italy – Veneto). Responsible for the design and development of the Web site and the CD for all the partners. Budget:
Grant: EU – Budget: about 1 Million Euros
- 1997-1999 Senior Consultant in the creation of a Decision Support System for Cassa di Risparmio di Trento e Rovereto, bank of the Unicredit group
- 1997 Senior Consultant – analysis of the workflow of administrative procedures of the Department of Computer and Management Sciences, University of Trento – Italy
- 1995-1996 Project Manager and designer of the new information system for the National park of Paneveggio -Pale di San Martino, carried out by the Department of Computer and Management Sciences, University of Trento – Italy
- 1994-1996 Project Manager of the team of the University of Trento in the collaboration with Cassa di Risparmio di Trento e Rovereto (bank of UniCredit group) for the outsourcing of the entire information system
- 1994 Senior Consultant for the Clesius project, a system for the evaluation of financial positions of taxpayers, based on bayesian networks
- 1993 Analysis and design of an information system for the management of a hypertextual database about telecommunication for the National Research Council (CNR- Italy)
- 1992-1998 Project Manager in the analysis and design for the new Information System of the Trento University Students Institution, with respective design of the connection with the University of Trento information system
- 1991-1993 Project Manager in the project for the creation of a new office automation system for the Trentino-South Tyrol Region Central administration (approx. 800 employees involved), project carried out in collaboration with the Department of Computer and Management Sciences, University of Trento - Italy
- 1991 Design and development of an hypertextual system for managing projects for the “School-Workplace meeting point” project, on behalf of the Local government office of Education, Autonomous Province of Trento
- 1990-1994 Member of the special project financed by the National Research Council (Centro Nazionale Ricerche) “Computer Science and parallel processing” for the Department of Computer and Management Sciences – University of Trento
- 1990-1993 Development Team leader - IBM research initiative HT_Rebes (Study Contract n. 92.01572.pf69) regarding the creation of a hypertextual distance learning tool with generalized management of links and advanced retrieval techniques. Grant: IBM Italy – Budget: about 80.000 Euros
- 1990-1991 Senior Consultant in the development of the new Information System of the Trentino-South Tyrol Region Authority (approx. 800 workstations)
- 1990-1991 Project Manager and Developer of a software solution for the recording and analysis of the behavior of users that utilize multimedia products, finalized to the study of disorientation problem in hypertextual navigation, Department of Computer and Management Sciences, University of Trento
- 1991 Project Manager of the initiative for the creation of a hypertextual system for management project “School-Workplace”, for the Regional Board of Education – Province of Trento
- 1990 Project Manager for the development of a hypermedia system on Computer Supported Cooperative Works (CSCW), Department of Computer and Management Sciences – University of Trento
- 1988-1989 Senior Consultant for FFB Electronics (Scotland, UK) for the creation of an Information Retrieval system. Analysis and design of the indexing algorithm of the retrieval engine, in C language

Other (main) Professional Experience

- Since 2000 Project Manager in the development of Enterprise Project Management and software solutions for multinational corporations, public administrations and private companies (GlaxoSmithKline, Luxottica, Magneti Marelli, Breton, Autonomous Province of Trento, Seeber, Solvay, Ingenico, ENAV, Dept. of Computer and Management Sciences – Unitn, DieBold, Unicredit, Gambarotta, Girpa, Carel, Breton, Honyvem, Kion, Università Cattolica, Trentino Network, Energy Business, SAIT, IBT, UNITN, Coop Alleanza 3.0 among the others)
- Since 2009 Senior consultant COSMAN srl – Trento in the field of cost savings, oriented towards the optimizations of Information Systems and Project Management costs (Sacmi group, Bologna Airport, Tosoni Group, Coop Estense, Boscolo Hotels, Unicoop, AVE, Generali Assicurazioni, Coop Adriatico, Coop Tirreno, Bologna Fiere, Cedacri, Ikea, Conad Adriatico, Farmacie Ravenna, Nexive, Unipol)
- Since 1999 Project Manager at the Faculty of Economics of the University of Trento, for the project “Online Communities”, creation of an e-learning portal for educational institutions

Since 1998	Responsible of the development team of the Laboratory of Maieutics of the University of Trento (Italy) (development of research and experimental prototypes on distance learning)
2013 - 2014	Senior consultant for Trento Rise – Museum of Science for the creation of the multimedia guide of the museum
2012 - 2014	Senior consultant in Project Management for the Autonomous Province of Trento – General Secretariat – for the management of the acceleration process of public works (approx. 600 public works – 400M€)
2012- 2014	Coordinator for all the Program and Project Management activities of the "Universiade 2013", held in Trentino in December 2013. Universiade is the Olympic games for university athletes, organized by the International University Sports Federation, and involves almost 3.000 athletes from all over the world
May– Sep 2012	Senior consultant for the Trentino Regional Parliament for the assignment of the whole web site of the Public Administration
2011 - 2014	Senior consultant in Project Management for Trentino Network S.p.A – Trento, for the creation of the Project Management Office of the company, and the installation of the Enterprise Project Management platform
2011	Design and realization of multimedia learning material for e-learning training titled "Electronic Certified email and digital signature" for the Chamber of Commerce of Trento, Italy
2010–2012	Senior consultant in Project Management for the Autonomous Province of Trento –Public Works Departments– for the creation and deployment of the Project Management system in order to manage all the projects of the Department in the public work field
2012	Senior Consultant for Energybusiness srl– Trento for the creation di un sistema di Enterprise Project Management
2011	Invited Speaker at the Sharepoint and Office Conference 2011, Milano 19-21 april 2011, with a speech titled "Enterprise Project Management with SharePoint" (http://www.sharepointconference.it/events/2011/speakers.aspx)
2011	Project Manager for the creation of multimedia online material for e-learning courses regarding Digital Signature and Certified Electronic Email for the Chamber of Commerce of Trento
2009	Senior consultant for the Evaluation Committee for the quality in the Italian Educational System – Autonomous Province of Bozen
2008	Senior consultant with the European project "OKKAM" with the commitment of technology watcher
2007	Project Leader in the development team of the Web portal of the EU initiative "Leader plus" for GAL (Gruppo di Azione Locale)
2004 – 2005	Senior Consultant in the project for the creation of a software for managing XBRL standard – Dept. Of Computer and Management Sciences - University di Trento
2001 – 2006	Senior Consultant for the Autonomous Province of Trento regarding the congruity evaluation of new information Systems developed inside the Electronic Provincial Information System (SIEP)
2003 – 2011	Member of the International Team of beta tester for the Project Management products of Microsoft Corp., Redmond (USA): Microsoft Project, Microsoft Project Server, Portfolio Server in versions 2002, 2003, 2007, 2010
2004 – 2005	Member of the International Team of beta tester for Microsoft Office 2007 of Microsoft Corp., Redmond (USA)
2003 – 2006	Consultant for the Department of Computer and Management Science of the University of Trento regarding computer tools and techniques for Management Control in the Public Bodies
2003 – 2005	Project Manager for the Autonomous Province of Trento for e-learning management and redesign of the training courses catalogue (about 5.000 persons involved in the courses)
2001 –2006	Senior Consultant for the Autonomous Province of Trento - evaluation of economic congruity of new information systems and ICT projects
1999 – 2005	Senior Consultant for the Autonomous Province of Trento on the creation of the new Budget Information System (the system will manage a budget of about 3.400 Millions Euros)
2003 –2004	Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
2003 – 2004	Project Manager of the project of distance learning for the Provincial Union of the Assistance Institutions, Trento
2003 –2004	Responsible for ICT area of the SAVE project on behalf of Academy of Trade and Tourism – Trento
2003-2004	Senior Consultant for the Autonomous Province of Trento on the migration of workstations from Windows NT to Windows XP (about 4.000 clients)
2003	Senior Consultant for the Autonomous Province of Trento about the evaluation of the executive plan for the new mobility and public transportation system
2003	Senior Consultant for the Department of Computer and Management Science of the University of Trento (Italy) on the Business Intelligence system of the Autonomous Province of Trento
2004	Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
2003 –2004	Project Manager for the Distance Education project of the Institution for Coordination of Public Charitable Institution, Trento (Italy)
2002 – 2003	Project Manager in the development of a new system for mobile learning, integrated with the portal of distance education of the University of Trento (Italy)
2001 – 2004	Senior Consultant for the Autonomous Province of Trento on financial and technical congruity for new Information Systems developed since 2001 (budget: 2,5 Millions Euros for the period 2001-2003)

- 2002 –2003 Member of the commission for the European Call for Tender regarding the new mobility and public transportation system of the Autonomous Province of Trento (budget: about 10 millions Euros)
- 2001- 2002 Design and development of an e-commerce experimental site for an advertising agency
- 2000 – 2002 Project Manager for the design and development of the web site and the CD-ROM regarding the IPSSSED project, an ADAPT initiative that involves five partners (see section 3)
- 2000 – 2001 Project Manager for the design and development of the technologies related with EURORECRUIT Project. The project involved eight European and non-European partners (see section 3)
- 2000 –2001 Senior Consultant – Remaking of the Information System regarding motor taxes of the Public Revenue Department of the Autonomous Province of Trento
- 2000 Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
- 1998-2000 Project Manager for the computer-related topics of the DIOGENES project, a LEONARDO initiative the involved four different European regions and five partners (see section 3)
- 1998-2000 Responsible for the design and implementation of various educational units for the Emilia-Romagna Region in the tourism sector.
- 1997-1999 Project Manager of the computer-related topics of the S.E.N.S.E. project, an ADAPT initiative that involved four different European regions (see section 3)
- 1997-1999 Senior Consultant in the project of creation of a Decision Support System for the Cassa di Risparmio di Trento e Rovereto, a bank of the UniCredito Italiano group, the largest banking group in Italy.
- 1997 Senior Consultant - Analysis of the data flow and administrative procedure of the Department of Computer and Management Science, University of Trento (Italy)
- 1996 - 2005 Responsible for the Computer-related courses in master degree programs for some italian institutions (CUOA - Vicenza, Academy of Trade and Tourism - Trento, IIASS – Salerno)
- 1995-1996 Project Manager and designer of the new information system for the Natural Park of Paneveggio-Pale di San Martino – Italy
- 1995-1996 Design and development of an industrial automation package for the remote control of the automated line of aerosol filling machinery, valves and accessories
- 1995-1996 Project Manager in the University of Trento (Italy) team that followed the outsourcing project of the Cassa di Risparmio di Trento e Rovereto, a bank of the UniCredito Italiano group, the largest banking group in Italy.
- 1994-1996 Project Manager in the Feasibility Study for the new accounting system of the Autonomous Province of Trento (3.400 million Euro balance)
- 1994 Senior Consultant in the Clesius Project, a system for the evaluation of financial situation of taxpayer using Bayesian networks.
- 1993-1999 Senior consultant and Project Manager in the design and development of a group of software packages for the management of administrative databases for the Trentino Alto Adige Region
- 1993 Design and functional analysis of a system for the development of a hypertext on telematics and data banks for the National Council of Research (CNR-Italy)
- 1992-1998 Project Manager in the design and development of the Information System of the Students Bureau of the University of Trento (Italy) and its connection with the Information System of the University of Trento (Italy)
- 1991-1993 Project Manager for the creation of the office automation system for the Central Offices of the Trentino Alto Adige Region (approx. 800 workstations)
- 1991 Project Manager for the renewal of the administrative-organizational structure of the information system - University of Trento (Italy)
- 1991 Design and development of a hypertextual system for the management of the “Scuola-Mondo del lavoro” (School – Job Market) projects, funded by the Educational Authority of the Province of Trento
- 1990-1994 Member of the finalized project of the National Council of Research (CNR-Italy) “Informatics and parallel computing” for the Department of Computer and Management Science, University of Trento (Italy)
- 1990-1993 Project Manager and software architect in the research project HT_Rebes, sponsored by IBM (see section 3).
- 1990-1991 Senior Consultant in the project of development of the new information system of the Trentino-Alto Adige (about 800 workstations)
- 1990-1991 Design and implementation of a software for the recording and analysis of the disorientation phenomenon in hypertextual environment
- 1990-1991 Design, implementation and management of a Token Ring Local Area Network on IBM Lan Server by the laboratories of the University Distance Consortium of the University of Trento (Italy)
- 1990 Design and development of a management procedure for the sales force of pharmaceutical companies
- 1990 Design and development of a hypertext regarding the themes of Computer Supported Cooperative Works (CSCW), for the Department of Computer and Management Science of the University of Trento (Italy)
- 1989-1990 Design and development of a statistical package for the management of sales, the analysis of relative trends and the productivity of the sales force
- 1989 Design and development of a conversion package from IBM/36 to PC

- 1988-1989 Senior Consultant for FFB Electronics (Scotland, UK) for the creation of an Information Retrieval system. Analysis and Design of indexing algorithms for the Information Retrieval Engine. Responsible of the development team for the core procedure of the indexing module in C language.
- 1987 Design a development of a procedure for the complete automation of an estate agency
- 1987 Design and development of a procedure for business management of an import/export company
- Since 1987 Consultant for various italian SMEs on Information system design and/or remaking
- 1986 Consultant for some local independent TV and Radio stations in analysing and creating palimpsest automation procedures
- 1985 - 1991 Teacher in refresher courses on innovative topics for italian High School teachers and headmasters
- 1984-1986 Development of invoicing procedures for Personal Computer and porting into UNIX environment
- 1984 – 1990 Courses on different computer science topics in different italian companies (400 hours/year on average): see Section of Training experiences for details
- 1983 Design and Development of an accounting procedure for Apple system (in BASIC)
- 1982-1985 Design and development of a warehousing procedures for Apple (BASIC)computers, IBM (COBOL) and Sperry (Cobol Unix) minicomputers
- 1980-1982 Design and development of an accounting procedure for the warehouse of Italian Railways (FFSS) on Hewlett Packard 3000 series, developed in Fortran for Siemens Data S.p.A.
- Since 1980 Development of various Information Systems for Italian SMEs in the industrial and tertiary sectors, from database design to implementation in different 3rd and 4th generation languages (Basic, C, Cobol, Fortran, Pascal, Clipper; Smalltalk, Delphi, Openscript, Visual Basic, T-SQL, Html+Asp, Asp.Net, Vb.Net, C#)

EDUCATION

1982 High School Diploma

Istituto Tecnico Commerciale per Ragionieri Programmatori Elettronici, Trento

Accounting and Computer Programmer, grade 60/60

1988 Master Degree in Economics

Università degli Studi di Trento

Grade 110/110

PERSONAL COMPETENCES

Mother Tongue Italian
Other Known languages

Understanding				Speaking				Writing	
Listening		Reading		Spoken interaction		Spoken production			
ENGLISH	C1		C1		C1		C1		C1
GERMAN	A2		A2		A2		A2		A2

Communication Competences Excellent communicative skills acquired during the multi-annual work experience, the responsibilities of project management and the activity of university lecturer in three different universities from 1990 (Trento, Bolzano, Turku-Finland).

Organizational and Management Competences Excellent organizational and managerial skills, consolidated within the work experience of project Manager on corporate projects and financed projects (FP4, FP5, FP6, FP7, H2020) and trainer on Project Management, both in business areas (courses for PMP™ Certification-from the Project management Institute), and in academia (University courses and doctoral schools on issues related to ICT and Project Management). Management skills of team working, specifically team of software development domain, developed through the management of software development groups (5-18 people) at the University of Trento from 1990, and software development groups in the business environment through the responsibility of CTO at Okkam Srl, spinoff of the University of Trento and Fondazione Bruno Kessler

Professional Competences The professional competences have developed from the initial role of analyst and programmer in research groups, to roles of responsibility in the field of research groups, and consultancy activities in the field of advanced information technology, in particular in the field of Reengineering of processes, Internet applications related to project management and e-learning. From 1990 he is university lecturer in Information & Communication Technology and Project Management at the University of Trento, from 2003 at the Free University of Bolzano and from 2008 at the Abo Akademi, Finland. Early adopter and

Microsoft Project Beta tester since 1990, beta test of the project Server platform since 2002, has worked as a consultant and project manager in the field of tools and technologies to support Enterprise Project activities and Portfolio Management. In addition to professional and academic skills, since 2010 he is co-founder and vice-president of Okkam s.r.l., a spin-off of the University of Trento and the Fondazione Bruno Kessler in Trento, which develops advanced solutions of data integration using semantic technologies. In Okkam, he is the CTO taking care of the governance of the company's project portfolio, of the development team and of strategic choices about the technologies used in the company

IT Competences Excellent knowledge in the field of full-stack software development (.NET, ASP.NET, C #, VB.NET, Angular-JS, Bootstrap), modeling (ER, UML) and programming of RDBMS (T-SQL, PL / SQL), design of advanced software architectures and solutions through modern software engineering methodologies (UML, Agile)
 Excellent knowledge of client-side and server-side tools in project management (Microsoft Project, Microsoft Project Server, Sharepoint)
 Excellent mastery of the concepts and tools of management and administration of Microsoft back-office tools (Windows Server, SQL Server, Active Directory, Sharepoint)
 Excellent mastery of Microsoft Office tools, both in terms of usage and programming

Driving License B – driving license

Steering / Program committee for journals and conferences

- Charter Member of the Italian Society for E-learning
- Member of the International Program Committee of SMARTGREENS 2019
- Member of Technical Program Committee – IEE ISC2 2018
- Member of the Editorial Review Board of International Journal on E-Learning
- Member of the IASTED Technical Committee on Education
- Member of the International Program Committee (IPC) for the International Conference on Technology for Education

- Member of the International Program Committee (IPC) for the International Conference on Computers and Advanced Technology in Education
- Member of the International Program Committee (IPC) for the International Conference on Web-based Education
- Member of the International Program Committee (IPC) for the International Conference on Technology for Education
- Member of the International Program Committee (IPC) for the International Conference on Computers and Advanced Technology in Education
- Member of the International Program Committee (IPC) for the International Conference on Web-based Education
- Member of the International Program Committee for the International Symposium on Multimedia – Applications and Processing
- Member of the International Program Committee of the International Conference on Distributed Multimedia Systems / Distance Education Technologies
- Member of the International Review Panel for the International World Conference on Mobile Learning
- Member of the Technical Committee for ACIT-Software Engineering
- Member of the Scientific Board of the International Conference “Open Culture: accessing and sharing knowledge”
- member of the Advisory Committee of AARCE, African Regional Conference on Engineering Education
- member of the Program Committee of the annual Italian Association for Computer Science conference AICA and DIDAMATICA

Reviewer for scientific journals/conferences

- IEEE Transaction on Learning Technologies
- Sensors
- ISC2 - IEEE International Smart Cities Conference (ISC2)
- Journal of Engineering and Technology Management
- Expert Systems, Wiley-Blackwell
- International Journal on E-Learning (IJEL)
- ICEC - International Conference on Electronic Commerce
- Knowledge-Based Systems journal
- Journal of Distance Education Technologies (JDET)
- EdMedia – World Conference on Educational Multimedia, Hypermedia & Telecommunication
- E-learn - World Conference on E-Learning in Corporate, Government, Healthcare, & Higher Education
- World Conference on Mobile Learning (mLearn)
- IFIP PROLAMAT
- International Conference on Automation, Control, and Information Technology Informing Science Conference (ACIT-SE)
- World Conference on Mobile and Contextual Learning (M-Learn)
- African Regional Conference on Engineering Education (ARCEE)
- Southern African Conference on Engineering Education (SACEE)
- International Conference on Distributed Multimedia Systems (DMS)
- International Symposium on Multimedia – Applications and Processing (MMAAP)
- Software Engineering and Applications (SEA)
- Internet and Multimedia Systems and Networks (IMSA)
- Web-based Education (WBE)
- Technology for Education (TE-Learn)
- Computers and Advanced Technology in Education (CATE)
- International Conference on Education and Technology (ICET)
- Conferenze nazionali organizzate dall'Associazione Italiana Informatica e Calcolo Automatico (AICA) (AICA, Didamatica)
- Conferenze nazionali organizzate dalla Società Italiana di e-learning
- Journal of e-Learning and Knowledge Society (Je-LKS)
- The 2nd International Conference on Pattern Analysis and Intelligent Systems (PAIS 2016)

Trento, 18 aprile 2018
