Further data

Presentations at scientific conferences and workshops (invited or selected, keynote nature, and status of conference):

- Invited lecture (online): “From the lab to the real world: Improving children’s prospective memory inside and outside the laboratory”, Research colloquium, 6 December 2022, Johannes Gutenberg Universität, Mainz (Germany), Host: Prof. Dr. Mareike Altgassen.
- Poster presentation: Milvia Cottini, Demis Basso, & Paola Palladino “From the lab to the real world: Improving children's prospective memory in a natural setting.” 22nd Conference of the European Society for Cognitive Psychology (ESCoP), Lille, France, 29 August – 1 September 2022.
- Invited lecture: “From the lab to the real world: Children's prospective memory in a natural setting”, Research colloquium, 4 May 2022, University of Bern (Switzerland), Host: Prof. Beat Meier.
- Oral presentation: Milvia Cottini, Demis Basso, & Paola Palladino “Effects of future thinking and performance predictions on children’s prospective memory.” In Lavis, L. & Mahy C. (Chairs), The Development of Metacognition from Toddlerhood to Middle Childhood. Symposium conducted at the 50th Jean Piaget Society (JPS) Meeting, Virtual Conference, 1-5 June 2021.

- Poster presentation: Milvia Cottini, Demis Basso, & Paola Palladino „Prospective memory development in school-aged children: The positive effects of future thinking and performance predictions on performance.“ 21st Conference of the European Society for Cognitive Psychology (ESCoP), Tenerife, Spain, 25-28 September 2019.
- Poster presentation: Milvia Cottini, Demis Basso, & Paola Palladino „The Role of Procedural and Declarative Metamemory in Children’s Prospective Memory.“ Psychonomic Society International, Amsterdam (Netherlands), 10-12 May 2018.
- Oral presentation: Milvia Cottini & Beat Meier „After-effects of responding to prospective memory targets across the lifespan.“ In Möschl, M. & Schaper, P. (Chairs), Prospective memory – current trends and theoretical advances. Symposium conducted at the 59th Conference of Experimental Psychologists (TeaP 2017), Dresden (Germany), 26-29 March 2017.
- Poster presentation: „Performance predictions and metamemory knowledge improve children’s prospective memory performance“. International Conference on Memory 2016 (ICOM-6), Budapest (Hungary), 17-22 July 2016.
- Oral presentation: „The role of metamemory and inhibitory control in children’s prospective memory“. Cognitive Science Arena, Bressanone (BZ), 19-20 February 2016.
- Oral presentation: Milvia Cottini & Demis Basso „Effetti dell’educazione bilingue sullo sviluppo della memoria prospettica e della memoria di lavoro.“ XX Congresso di Psicologia Sperimentale, Pavia, 15-17 September 2014.
- Poster presentation: Milvia Cottini & Demis Basso „Prospective memory development in monolingual and bilingual children.“ IV International Conference on Prospective Memory (ICPM4), Naples, 26-30 May 2014.

Funded Research Projects

- Team member: “Neurocognition of arithmetic (re-)learning (NeuroTrain)”. Period: March 2022 - February 2025. Funded by Euregio. Principal investigator: Laura Zamarian (Universität Innsbruck)
- Team member: “Robots are among us - Robotics for the inclusive development of atypical and typical children (RIDE).” Period: September 2019 - August 2022. Funded by Erasmus+ KA 2-3 (Principal Investigator: Prof. Demis Basso).
- Principal Investigator: “Prospective Memory and Metacognition in preschool and school-aged children: The role of cognitive and metacognitive skills in the development of prospective memory and learning abilities (ProMeta)”. Period: June 2019 – October 2021. Funded by the Faculty of Education, Free University of Bolzano-Bozen.

Research awards and others

- Research Award 2021 of the “Stiftung Südtiroler Sparkasse”: Award for junior and senior researchers with fixed-term contracts, associate professors and full professors of the Free University of Bozen-Bolzano, who have not yet reached the age of 40, for outstanding achievements of current research.
- Early Career Researchers Online Event Grant 2021 of the European Society for Cognitive Psychology (ESCoP): Grant to set up online events aimed at other early career researchers.

Scientific Memberships

- Member of the "European Society for Cognitive Psychology (ESCOP)"
- Member of the "Associazione Italiana di Psicologia (AIP) – Sezione di Psicologia dello Sviluppo e dell'Educazione"

Organizational Memberships

- Member of the organizational and scientific committee of the "Cognitive Science Arena", Free University of Bolzano-Bozen, Bressanone-Brixen (BZ), Italy (since 2021).
- Member of the organizing committee of the "Cognitive Science Arena", Free University of Bolzano-Bozen, 7-8 February 2020, Bressanone-Brixen (BZ), Italy.
- Member of the management committee of the teacher training course for the acquirement of 24 credit points, Faculty of Education, Free University of Bolzano-Bozen (since 2019).
- Member of the organizing committee of the "9th European Working Memory Symposium", 29-31 August 2018, University of Pavia, Italy.
- Member of the organizing committee of the "Cognitive Science Arena for Beginners", Free University of Bolzano-Bozen, 28 February-01 March 2014, Brixen (BZ), Italy.
- Member of the organizing committee of the "Giornate di Neuropsicologia dell'età evolutiva", Free University of Bolzano-Bozen, 15-18 January 2014, Brixen (BZ), Italy.

Peer review activity

- Editorial Board Member of the *European Journal of Psychology Open*
- Review Editor at *Frontiers in Psychology: Cognition*
- Review activity for: *Journal of Experimental Psychology: Learning, Memory, and Cognition*; *Journal of Experimental Child Psychology*; *Cognitive Development*; *Frontiers: Psychology*; *Neuroimage: Reports*; *Child Development*; *PLOS ONE*; *Research in Autism Spectrum Disorder*.

Additional training courses

- Training course "E-Prime", Faculty of Education, Free University of Bolzano-Bozen (17-19/12/2019).
- Summer School on "Structural Equation Models in R", "La Sapienza" University of Rome (05-08/06/2019).
- Training course "Statistics in R", Department of Brain and Behavioral Sciences, University of Pavia (12/2017 – 06/2018).

Computing skills

- Softwares for statistical analyses: R, SPSS, Jamovi.
- Softwares for the design of psychological experiments: SuperLab, E-Prime, OpenSesame and Jatos.

Language competence

- German and Italian (native and balanced bilingual; school career in German and University career in Italian; Patentino A of the Province of Bolzano)
- English C1 level (Language Centre, Free University of Bozen-Bolzano)
