

Curriculum Vitae

Matteo Roattino holds a Bachelor's degree in Food Technology (L-26) from the University of Turin, Italy. He subsequently obtained a Master's degree in Food Science and Technology (LM-70) from the same institution. Currently, he is enrolled in the 38th cycle of the International PhD Program in Food Engineering and Biotechnology at the Free University of Bozen-Bolzano, Italy, under the supervision of Professor Marco Gobbetti. As part of his doctoral research, he completed a six-month research stay at the University College Cork, Ireland, within the Food Ingredients Research Group, coordinated by Professor Seamus O'Mahony. His research is primarily focused on Dairy Science and Plant-Based Cheese Analogues.
